**INSTRUCTIONS FOR COMPLETING  
NOTICE OF TERMINATION OF COVERAGE UNDER  
INDUSTRIAL ACTIVITIES STORM WATER GENERAL PERMIT NO. CAS000001**

Who May File

Facility operators who are presently covered under statewide NPDES General Permit No's CAS000001 for discharge of storm water associated with industrial activity may submit a Notice of Termination when they meet one of the following conditions.

1. All industrial activities that are subject to federal storm water regulations have been terminated, including the exposure of industrial equipment, materials, and waste to storm water. The facility operator should refer to the definition of discharge associated with industrial activity in Attachment 4 to the General Permit. Shut down of a facility is not considered termination if industrial equipment, materials, or waste remain exposed to storm water. The date industrial activities were terminated and clean up/closure activities ended shall be provided or;
2. Exposure of industrial activities to storm water has been eliminated. This applies only to certain facilities identified as category 10 on attachment 1 of the General Permit (commonly referred to as "light industries") which are required to be covered by a NPDES permit for discharges of storm water associated with industrial activities that are exposed to storm water. Accidental spills, minor leaks, loss during loading and unloading, movement of unhooded equipment, emissions of dust or particles from stacks or air exhaust systems, and other type of intermittent sources should be considered when determining exposure. The Standard Industrial Classification (SIC) code(s) that are applicable to the facility and the date storm water exposure was eliminated shall be provided or;
3. Storm water associated with industrial activity does not discharge to waters of the United States. These include facilities where all the storm water is retained on site, discharged to a municipal sanitary sewer system or municipal combined sewer system, or discharged to evaporation ponds or percolation ponds offsite that does not discharge to waters of the United States or;
4. The facility is not required by federal regulations to be covered by a NPDES storm water permit. The federal regulations identify ten categories of industrial facilities required to obtain NPDES permits for discharge of storm water associated with industrial activity (see attachment 1 of the General Permit). A facility operator who has filed a Notice of Intent for coverage under the General Permit and later determines that the facility is not included in the identified categories may request termination of coverage. Please indicate the type of business conducted at the facility or;
5. Discharges of storm water associated with industrial activity from the facility is now subject to another general or individual NPDES permit. The general or individual NPDES permit number and date coverage began shall be provided or;
6. There is a new facility operator of the identified facility. The previous facility operator must submit a Notice of Termination and the new facility operator must submit a Notice of Intent and fee for coverage under the General Permit. The date the new facility operator took responsibility for the facility and the new facility operator information shall be provided. Note that the previous facility operator may be liable for discharges from the facility until the new facility operator files a Notice of Intent for coverage under the General Permit.

Regardless of which of the above conditions you meet, provide a brief explanation in section V. of the Notice of Termination form.

Where To File

The Notice of Termination should be submitted to the Executive Officer of the Regional Water Board responsible for the area in which the facility is located. See attached State and Regional Boards

Directory. If the Executive Officer, or his designated staff, agrees with the basis of termination, the Notice of Termination will be transmitted to the State Water Board for processing. If the Executive Officer, or his designated staff, does not agree with the basis of termination, the Notice of Termination will be returned. The Regional Water Board may also inspect your facility prior to accepting the basis of termination.

### **LINE-BY-LINE INSTRUCTIONS**

All necessary information must be provided on the form. Type or print in the appropriate areas only. Submit additional information, if necessary, on a separate sheet of paper.

#### **SECTION 1 -- WDID NO.**

The WDID NO. is a number assigned to each facility operator covered under the General Permit. If you do not know your WDID No., please call the State Water Board or Regional Water Board and request it prior to submittal of the Notice of Termination.

#### **SECTION II -- FACILITY OPERATOR**

Give the name, provided on the Notice of Intent, of the person, company, firm, public organization, or any other entity which operates the facility. The facility operator information may or may not be the same as the facility information requested in Section III.

#### **SECTION III -- FACILITY SITE INFORMATION**

Enter the facility's official or legal name, as provided on the Notice of Intent, and provide the address, county, and contact person information for the facility. Where the location of the facility is different than the mailing address, a narrative description of the facility location must be provided. The contact person should be the plant or site manager completely familiar with the facility and responsible for General Permit compliance.

#### **SECTION IV -- BASIS OF TERMINATION**

Check the category which best defines the basis of your termination request. See the discussion of the in the Who May File section of these instruction. Provide dates and other information requested. If the categories provided do not fully or accurately identify the basis of your termination, provide additional explanation in Section V.

#### **SECTION V -- ADDITIONAL BASIS OF TERMINATION INFORMATION**

Provide photographs of your facility supporting your termination request. Explain, as necessary, the basis or reasons why you believe your facility is not required to be permitted. If this explanation is lengthy, please attach the explanation.

#### **SECTION VI -- CERTIFICATION**

This section should be read by the facility operator. The Notice of Termination must be signed by:

For a corporation: a responsible corporate officer.

For a Partnership or Sole Proprietorship: a general partner or the proprietor, respectively.

For a Municipality, State, or other Non-Federal Public Agency: either a principle executive officer or ranking elected official.

For a Federal Agency: either the chief or senior executive officer of the agency.
